Netting

Designed to keep the ball in play while keeping spectators and property safe!

Why USS Netting?

Baseball/Softball Backstop Styles

- **In-Line:** Poles align with the backstop wall and can be spaced up to 50 feet apart.
- **Tie-Back:** Provides clear spectator views by suspending netting with cables tied to poles or nearby structures—no poles in front of seating.

Barrier Netting Systems

Ideal for sports like tennis, hockey, football, and more—keeps balls and pucks safely contained within the play area.

Soccer Over-Kick Netting

Stops wide shots from leaving the field, keeping the game moving and the ball in play.

Golf Netting

Helps shield nearby property, vehicles, and people from golf shot damage—an essential safety solution for any course.

Our comprehensive netting systems are easily customizable to the needs of each project. Using the highest quality steel poles, hardware, and net material, our systems are durably designed to handle the local weather loads.

Safety.

Keep spectators and property safe by adding netting in areas that balls can escape the field of play.

Height.

As compared to other perimeter products like chain link fence, netting systems can be designed to virtually any height necessary for the desired purpose. Our team has designed systems up to 120'!

Visual Appeal.

Netting systems provide optimal viewing for spectators because it allows greater span between poles and thin strands of netting.

Types of Netting

Dyneema® Netting is the thinnest and strongest netting material on the market.

- Made of ultra-high molecular weight polyethylene, Dyneema netting is up to 15x stronger than steel & up to 40% stronger than aramid fibers at equal diameter.
- This combination of strength and thin strands provides the best spectator safety and visibility.

#18 Plateena Dyneema® Netting

With a combination of thin strands and 385lbs of break strength, Plateena Dyneema netting has been used in professional sports venues around the globe. Plateena netting is twisted double knotted for additional tightness and stability. The strands are black solution dyed for better color stability and UV resistance.

Nylon Netting Dyneema netting isn't a fit for every application or budget so we offer numerous options of nylon netting.

- Made from high-grade, knotted nylon with square mesh for strength and versatility.
- UV-protected through solution dyeing and bonded coating for long-lasting outdoor use.

Netting Sizes & Uses

Netting numbers refer to twine thickness—the lower the number, the thinner the twine. Common options: #24 (1¾") – Foul ball & outfield netting | #36 (1¾") – Backstops & batting cages (direct impact) | #42 (1¾") – Backstops & batting cages (high impact) | #18 (7/8") – Golf netting for commercial use | #30 (1½") – Outdoor hockey & lacrosse | #36 (4") – Soccer & basketball barrier netting.

Applications

Baseball/Softball

Tennis

Soccer

Golf

Lacrosse

Hockey

Netting solutions for every budget & application.

Our sports netting products are **designed and manufactured to meet your most demanding specifications.** By offering numerous netting options, we have a netting solution to meet your budget and application. **With over 500 netting systems installed,** our netting experts can assist you with selecting the right netting for your project.

Tiger Netting

**Designed for Safety.
Built to Last.**

Tiger Netting is made from high-strength steel mesh, offering unmatched durability compared to traditional netting.

USS

Tiger Netting is the go-to solution for high-performance, long-lasting netting—built tough for high-use facilities and even tougher environments.

Why Tiger Netting?

Tiger Netting is trusted by facilities that need gear that works as hard as their athletes. Built to last. Built for safety. Built by USS.

Vandal-Resistant.

Designed to withstand tampering and damage in high-traffic or high-crime areas

Heavy-Duty Strength.

Superior tensile strength resists sagging, tearing, and stretching

Longer Lifespan.

Outlasts standard netting with advanced wear-and-tear resistance

Weather Protection.

UV-resistant and built to perform in every season

Low Maintenance.

Reliable protection with minimal upkeep

Customizable.

Available in multiple sizes and layouts for backstops, batting cages, sidelines, and more

Clean Look.

Sleek black netting blends in for an unobtrusive, professional appearance

Padding

Our line of high quality outdoor and indoor athletic padding is designed for maximum impact resistance and safety.

Why USS Padding?

Types of Padding

Exterior Wall Padding Each pad features ¾" weather-treated backing, 3" high-impact foam, and a durable 18.5oz vinyl cover—available in UV-resistant colors and resistant to rot, mildew, and fungus.

Post, Rail, Column, and Corner Padding Available in square or round. Each offering includes high impact foam and 18oz vinyl.

Indoor Wall Padding Available in wood backed or vinyl wrapped. Available with 2" or 3" foam. All foam and vinyl meet CALL117-2013 flammability test.

Goal Post Padding Standard 6' height with 4" high impact foam and wrapped in 18oz vinyl.

Dugout Rail Padding PRO - Wood backed U Pads with 1.5" foam and wrapped in UV treated vinyl. U Pads on top rail and end posts with flat pads line posts. **Classic** - Tubular foam sized to fit post and rails. UV treated vinyl wrap complete with grommet strips to encase the foam.

We take player safety very seriously and our full line of padding is built with that in mind. We have padding solutions for every area of an athletic field that presents an injury concern for athletes. By using the highest quality materials, our pads withstand high impact while providing a long usage life.

Mounting Options

Fusion Wall | Grommet Strips | Z Channel | Hook and Loop | Pad Grabbers | Rail

Printing and Graphics

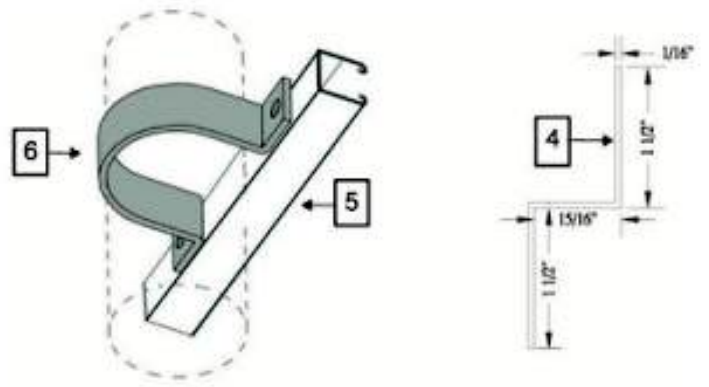

Promote your school, team, or advertisers by adding custom printing. Available with HDI Bonded or UV Coated Digital Print.

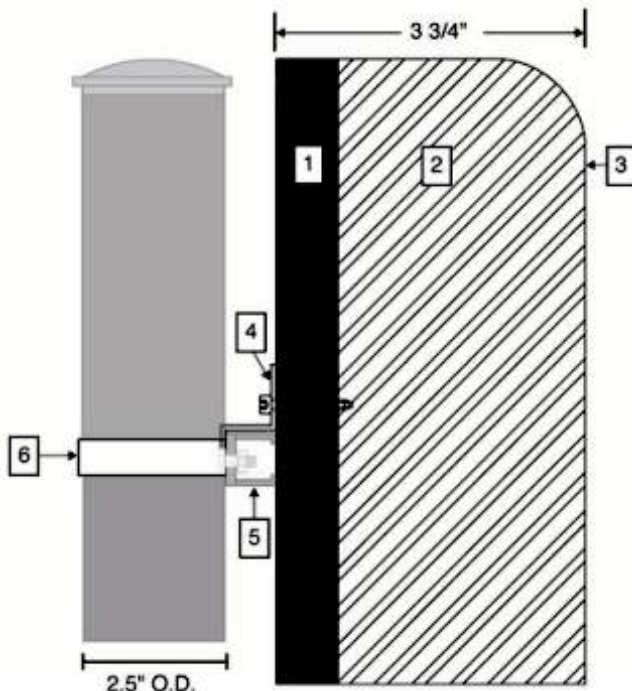

Padding Systems

Fusion Wall Our Fusion wall system combines safety, performance, and visual impact. Its exclusive attachment method ensures easy, secure installation of weather-resistant padding, with options for custom branding or sponsorship.

***Not Shown**
Privacy screen windscreen can be hung from the back of the system to conceal hardware.

Fusion Padding System

- 1. 3/4" Weather Treated Sheathing**
Backing is treated with Vers-Acryl222 weather sealant.
- 2. 3" High Impact Foam**
- 3. 18.5oz Vinyl**
- 4. Zeus Clip**
- 5. UNISTRUT** 1 5/8" x 13/16" Slotted Standard 2 UNISTRUTs per pad
- 6. 2 Hole Pipe Strap** Attached to UNISTRUT w/ Galvanized Bolt and Nut

Wall Padding Detail with Z-Clip

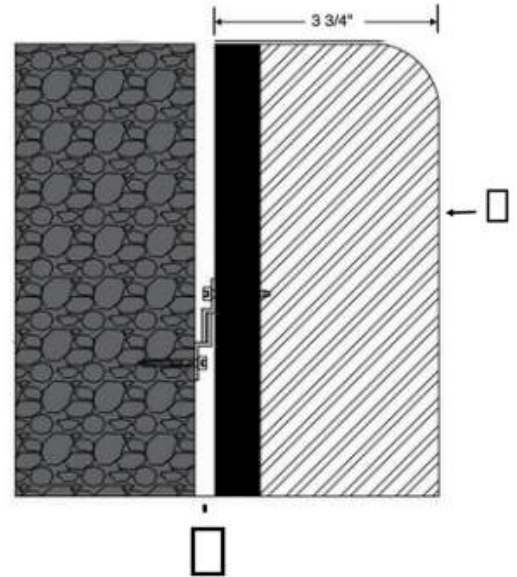

1. 3/4" Weather Treated Sheathing Backing is treated with Vers-Acryl222 weather sealant.

2. 3" High Impact Foam

3. 18.5oz Vinyl

4. 1.5" Aluminum Z Clip Placed at bottom & top of pad and an additional z clip placed in middle for pads 8' in height.

Attached with 1" Galvanized Screw

Wall Padding Detail for Chain Link

1. 3/4" Weather Treated Sheathing Backing is treated with Vers-Acryl222 weather sealant.

2. 3" High Impact Foam

3. Advantage MVP Vinyl

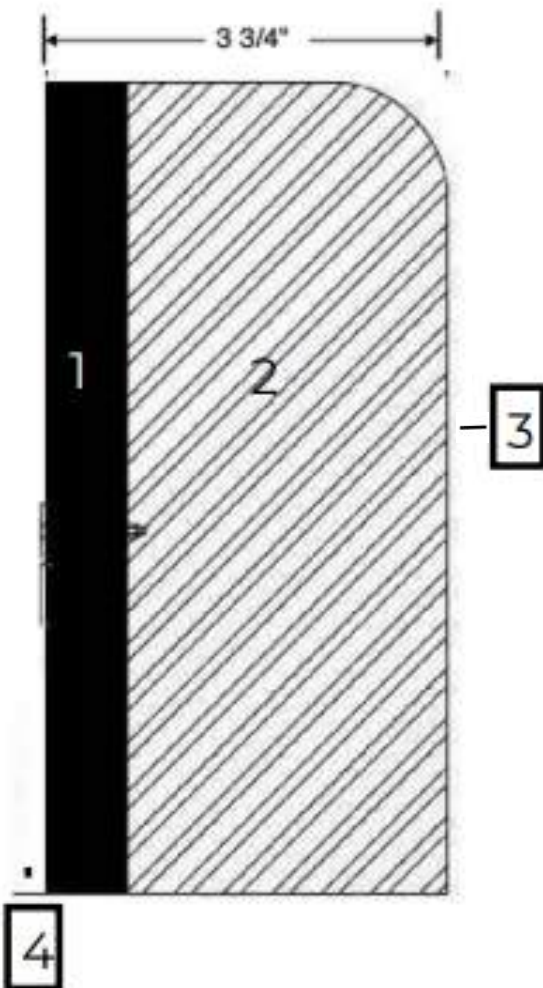

4. Sign Grabber For Chain Link Attachment

Wall Railing System

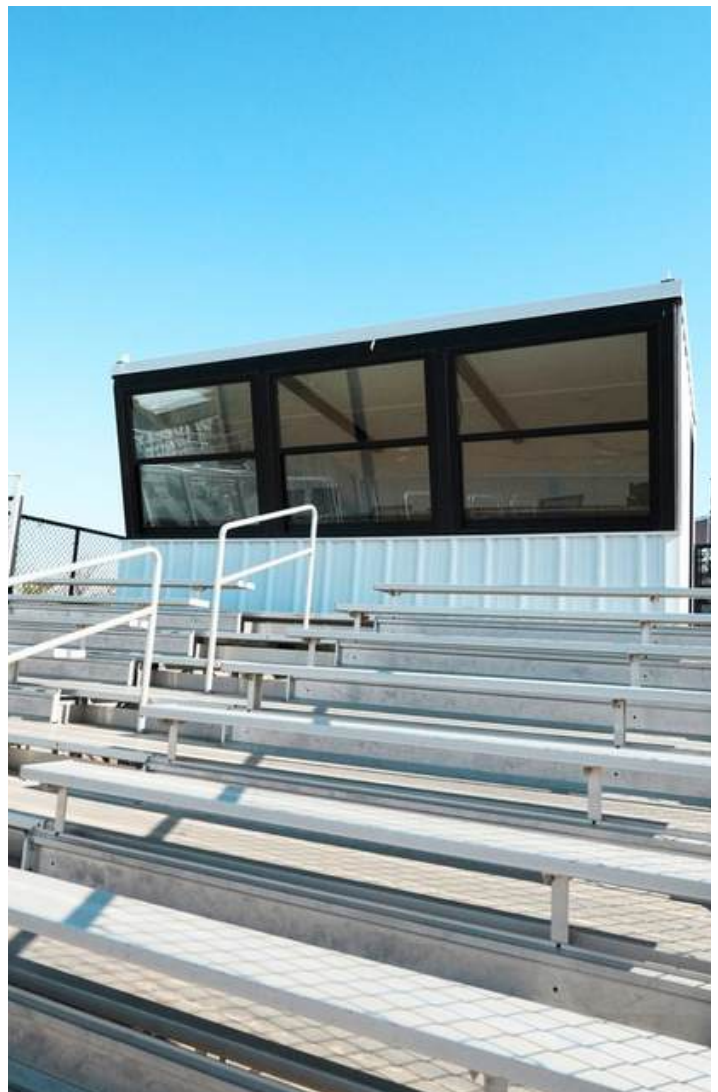

A simple, effective way to add padded walls to any field. Galvanized or powder-coated tube railing attaches easily to posts, while padding clips on securely with Zeus clips.

Wall Railing System

Our system features 2"x2" plate-mounted or direct-bury tube steel railing, with optional mid and bottom rails. Columns are spaced 4'-5' apart, netting encloses the openings, and PRO Dugout Padding covers the rails.

Press Boxes

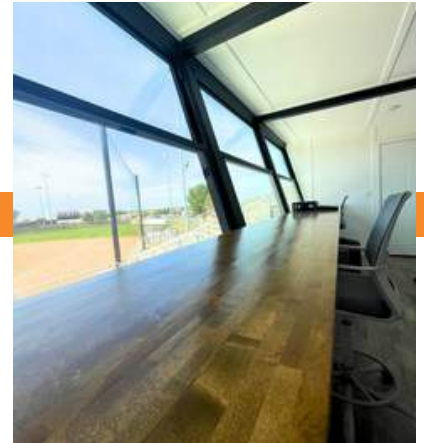

Press Box 8'x18'

Includes - support structure with a 6' x 8' landing with enclosed railing.

Features

- 24 Gauge Metal Exterior Panel Finish
- (3) 7035 Single Hung Windows
- Commercial Steel 36" x 80" Door and Frame
- Electrical- (3) Front Wall and (1) Rear Wall
Electrical GFI Plugins, (1) 60 Amp Breaker Box, (1)
Low Voltage Breaker Box, (3) 6" LED Disc Lights,
and a Data Port.
- 12,000 BTU PTAC Heating and Cooling Unit
- Laminate Countertop 30" x 18'
- 12mil Vinyl Flooring- Grey or Tan
- R13 Fiberglass Insulation
- Primed Beaded High Density Fiberboard
Interior Wall and Ceiling Finish

Shade Structures

Types of Shade

T-Post

Cantilever Bleacher Cover

Hip Shade Structure

Sail Structures

Backstop Shade Covers

Why USS Shade?

Engineered Shade Structures Built to Last

Durable Steel Frames

Expertly crafted from high-quality steel, our frames are built to endure the elements and provide long-lasting performance.

Premium Industrial Finish

Heavy duty high gloss Powder Coated Finish for enhanced durability and a sleek, eye-catching appearance.

High-Performance Shade Tops

Made from UV-stabilized HDPE with reinforced borders, our Commercial 95 shade tops are designed to:

- Block harmful UV rays
- Allow cooling breezes to pass through
- Withstand years of extreme weather conditions

Backed by a 10-Year Warranty

Our shade tops are engineered for performance and peace of mind, covered by a 10-year warranty.

Beat The Sun

Being in the shade makes the air feel up to 15 degrees cooler.

Take a Break

Extended exposure to direct UV rays have damaging effect on skin as well as property.

Hot, Don't Touch

Aluminum and metal bleachers and playground structures retain heat when exposed to direct sun light. These surfaces reach temperatures that will cause injury and render the seating unusable.

Versatility

We have numerous shade solutions to cover any location regardless of size.

Dugouts

With an industry best 10 year warranty, these pre-engineered all steel dugouts are the right choice.

Fielder's Choice PRO Dugout

Features

- All-steel, pre-engineered structure with 3"x3" plate-mounted columns, roof frame, and purlins
- Designed for anchoring to a thickened-edge concrete pad per local building codes
- Durable 24-gauge metal roof offers superior dent resistance and load capacity vs. 26–29 gauge alternatives; available in various colors and trims
- Frame finish options: industrial Tnemec paint, powder coating, or galvanized
- Standard sizes: 20', 30', and 40' lengths with 8' or 10' depths; custom sizes available
- Backed by a 10-year material and 40-year finish warranty
- Quick, low-labor assembly—parts labeled and paired with easy-to-follow instructions

Fielder's Choice PRO Plus Dugout

Features

- All-steel enclosed dugouts offer protection from the elements and privacy from spectators
- Built on our Fielder's Choice pre-engineered steel frame with added cross-members for enclosure support
- Durable 24-gauge metal panels (same as roof) used for side and rear walls
- Side panels sit 3" above slab for water drainage and airflow
- Mix-and-match panel colors for custom school or team branding
- Optional enclosed storage room available
- Backed by a 10-year material and hardware warranty

Outfit Your Dugout!

- Benches
- Helmet/Equipment Cubbies
- Chain Link Enclosure Kits
- Privacy Windscreen Wraps
- Helmet/Equipment Cubbies
- Bat Racks

Fielder's Choice Elite Dugout

FC Cantilever Style Dugouts are very versatile. As a dugout, they can stand alone or can be incorporated into a CMU wall structure. Our cantilever structures have also been used as shade structures over bleachers, tennis court benches, and swimming pool decks.

Dugout Covers & Accessories

Fielder's Choice Classic Dugout Cover

Features

- Customizable to retrofit chain-link fence dugouts or integrate into new designs
- Uses fence posts as supports for easy installation
- Post Saddles: Slide over and bolt to posts, supporting the roof frame securely
- Roof Frame: Made of 11-gauge steel with 4"x2" rafters, beams, and 2"x2" purlins
- Best paired with 3" schedule 40 posts; footing requirements depend on local codes

Fielder's Choice Dugout Roof Kits

Roof kits offer an ideal solution for block wall dugouts, featuring a durable all-steel design and heavy-gauge roof panels that seamlessly integrate with solid wall structures.

Dugout Accessories

Rickwood Field - Birmingham, AL

Benches

Two Tiered MLB Style Benches

The PRO of benches—offering comfort, style, and a variety of design and color options to elevate your athletes and facilities.

Aluminum Player Benches

Player benches feature heavy-duty aluminum planks, backrests, and optional single or double plank rear shelves.

Elevated Dugout/Bullpen Bench

Perfect for elevated seating, these benches feature a sturdy all-steel frame with plate mount and composite decking for durability.

Murray State Racers - Murray, KY

Outfit your dugout like the PROS with dugout accessories!

Accessories

Premier Storage Rack

Eliminate the clutter and keep the dugouts organized with these versatile wall racks.

Helmet Cubby Rack

Available in designs ranging from 9 to 24 cubbies.

Bat Racks

- Hanging Bat Racks
- Vertical Bat Racks
- Angled Bat Racks

Helmet Bat Box Combo

Customizable to fit any dugout, with sizes ranging from 9 to 32 helmet and bat compartments, plus optional coach's storage cubby.

Foul Poles

Regardless of the ballfield or budget size, Unlimited Sports Solutions has the foul pole solution for you!

Foul Pole Types

- Junior- 3.5"x15'
- Classic- 3.5" x 20', 4.5"x30'
- PRO- 4.5"x20', 5.5"x30"
- Elite- 6.5'x40' or bigger
- Custom size options available

Why USS Foul Poles?

- Powder Coated in white (softball), yellow (baseball), or orange (either) for clear home run or foul ball calls
- Pre-engineered for durability against the elements; drawings available upon request
- Mounting options: Direct Bury, Plate Mount, Ground Sleeve
- Custom sizes available
- Standard 18" W bolt-on visibility wings; length based on pole height

Batter's Eye

What is it? ↘

It creates a safer and more competitive at-bat by using a solid color backdrop beyond center field, providing sharp contrast and an uncluttered background so the hitter can better see the pitched ball.

Our Batter's Eye uses the same heavy-duty poles and hardware as our netting systems and is engineered for wind speeds up to 105 mph. What sets it apart is the AXC Screen—designed for 50% less wind load, reducing stress and maintenance. Backed by a 7-year warranty. Available in standard 20' and 30' heights, with custom sizes upon request.

Batting Cages

Hack Shack Batting Cages

Built to last with low-maintenance materials—perfect for any level of play.

- Heavy-duty poles, pro-grade netting, and durable hardware
- 8" steel poles reduce sag by allowing cable installation
- Safe, reliable practice space for years of use
- Custom sizes and indoor options available
- Accessory bundle discounts available with purchase:
 - Hitting Mats
 - Turf Kits
 - Vinyl Net Protectors
 - L Screens

Get your hacks in at the Hack Shack!

You don't have to sacrifice quality and durability regardless of your budget size or space limitations. The experts at Unlimited Sports Solutions have warm-up and training solutions for your venue.

Hack Shack Batting Cages

Compact, durable, and versatile—perfect for warm-ups, training, and tournament setups.

- 8'x8' powder-coated steel frame assemblies easily
- Ground anchoring or plate mounting options available
- Heavy-duty #60 netting with 5'x5' centered Sweet Spot sock
- Grommated, hemmed net for durability—easy to remove and store
- Mid-cable support minimizes sag
- #36 solution-dyed netting with flap for safe, easy entry
- Use standalone or side-by-side by sharing poles
- Ideal for bullpen warm-ups, baseline safety barriers, or training reps
- Add multiple stations to maximize space and flow
- Discounted Hitting Mats available with each station

Mounds & Platforms

Aeroform® creates high-quality mounds and platforms by using specialized composites.

Model 465 – Fiberglass Pitching Mound

- The #1 choice for tournament directors
- Lightweight, durable, and easy to store and transport
- Designed for quick setup and takedown

Model 486 – Fiberglass Pitching Mound

- A step up from the 465 model
- Features a sturdy, extended landing area for the plant foot
- Ideal for tournaments
- Compact enough to fit in an SUV, truck bed, or gator

Model 796 – Fiberglass Pitching Mound

- Full-size mound with a wider surface area
- Accommodates taller pitchers and longer strides
- Offers space for pickoff moves
- Maintains rigidity even with increased surface size

Model 898 – Fiberglass Pitching Mound

- 8" mound with a 78" long landing area
- Ideal for bigger players and transitioning from 6" to 10" mounds
- Rigid structure supports safe planting for longer strides

Model 8121 – Fiberglass Pitching Mound

- The most durable portable 10" mound on the market
- Designed to eliminate surface deflection and dead spots
- Ideal for leagues, schools, and facility managers
- Bullpen Platforms

Models 504, 508 & 516

- Reliable bullpen platforms designed for long-lasting performance and easy movement
- Perfect for training environments and bullpen areas

Portable Mounds

Victory Mounds' portable pitching mounds offer leagues pro-level quality with less upkeep and more game-day flexibility.

VM-6 Portable Game Pitching Mound

- **Designed for:** Official Youth League
- **Construction:** Reinforced fiberglass
- **Surface:** Turf-covered
- **Dimensions:**
 - Height: 6"
 - Width: 7'6"
 - Length: 9'6"
 - Weight: 180 lbs
 - *Landing Area:* 5'1" long
- **Features:** No lips or edges

VM-8 Portable Game Pitching Mound

- **Designed for:** Official Intermediate League
- **Construction:** Reinforced fiberglass
- **Surface:** Turf-covered
- **Dimensions:**
 - Height: 8"
 - Width: 8'
 - Length: 10'
 - Weight: 200 lbs
 - *Landing Area:* 5'6" long
- **Features:** No lips or edges

VM-10 Portable Game Pitching Mound

- **Designed for:** Official Senior League
- **Construction:** Reinforced fiberglass
- **Surface:** Turf-covered
- **Dimensions:**
 - Height: 10"
 - Width: 9'6"
 - Length: 12'
 - Weight: 320 lbs
 - *Landing Area:* 7' long
- **Features:** No lips or edges

Portolite Softball Game & Practice Pitching Mats

Change the mat. Change the game.

Give players a firm, stable surface for every pitch and the support they need through the full motion. Portolite mats are trusted as the best in the industry, featuring 7,000 built-in spikes to stay securely in place while protecting the playing surface below.

VICTORY MOUNDS
FOR THE WIN

Portolite

Champro Bases, Pitching Rubbers, & Home Plates

Champro in-ground bases, rubbers, and plates are built for safety and durability, using top materials to maximize play life and protect players.

In-Ground Bases

15" X 15" X 3" THE HALL BASE - WHITE - SET OF 3

- Brute-strength, pebble-embossed, UV-resistant, molded white rubber pro-style base.
- Heavy-duty P.U. foam pad.
- Rust-resistant, powder-coated, triple reinforced welded steel anchor system and stanchion pan.
- Reinforced side walls are built for extreme use.
- Ground anchors & base plugs included
- The Hall Orange Safety base sold separately

15" X 15" X 3" MOLDED PRO STYLE BASE

- Pebble-embossed, UV-resistant molded rubber pro-style base
- Heavy-duty PU foam pad
- Reinforced side walls won't collapse even with extreme use
- Rust-resistant, nickel-plated, triple reinforced steel anchor system and stanchion pan
- Ground anchors & base plugs included
- Pro Style Orange Safety base sold separately

****More Bases and Base Accessories
available at unlimitedsportssolutions.com***

Pitcher's Rubbers

FOUR WAY PITCHER'S RUBBER

- Heavy duty UV resistant rubber construction
- Heavy duty four-side construction insures flat surface can be rotated for many years of use

STEP DOWN PITCHER'S RUBBER

- Two-level molded construction prevents uneven holes in front of rubber
- Buries for permanent installation
- Heavy duty UV resistant rubber construction
- Available in wood or waffle bottom

DUAL STANCHION PITCHER'S RUBBER SYSTEM

- In-ground dual stanchion system for quick removal
- Rubber secures to anchor with two bolts
- Base plugs included
- Heavy duty UV resistant rubber construction

Home Plates

IN-GROUND HOME PLATE

- Official size & constructed so can be buried for permanent installation
- Available with moisture resistant solid wood construction is designed for professional use or tough molded rubber waffle bottom
- Extra durable UV resistant rubber shell

PRO STYLE HOME PLATE WITH HOLLYWOOD STYLE ANCHOR SYSTEM

- Official size
- Tough molded rubber with beveled black border
- Fits same ground anchor as B001X Hollywood style base
- Includes all hardware for assembly plus anchor & base plug

Driven

Golf Driving Range Cage Systems

No room for a traditional driving range? Losing out on driving range revenue? **DRIVEN** is your solution.

Designed to provide golfers with a safe and productive practice & warm-up area that can withstand high-volume usage

Features

- Cage enclosed with high impact #18 golf netting. The baffle is constructed of high impact #30 golf netting and a 5'x5' impact absorbing screen.
- Dimensions – 20' wide, 10' depth, 10' opening height and 12' rear height. Custom sizes available.
- DRIVEN cages can stand alone or easily placed side by side to create a multi-bay layout.
- Commercial grade hitting mats that use real tees and turf cage floor.

Defender

Defend your players and coaches from the elements with the DEFENDER Portable Team Shelter.

Features

- Sturdy aluminum frame with tin roof and hinged plexiglass windows for 360° views and airflow
- Built-in aluminum bench with double plank shelf for extra seating and storage
- High-impact hinged windows open easily for ventilation
- Exclusive SPYDER wheel system raises/lowers in 2 minutes—movable by just two people
- Optional hitch kit for ATV towing
- Anchoring kits available for turf or grass
- Designed to reduce wind damage during storage with 16" air vent and latching windows
- Available in 12' and 16' models
- Customizable frame, roof, and trim colors with team graphics wrapping options

Windscreens

Set your venue apart from others by providing some relief from the elements for players and spectators and highlighting your brand with high quality windscreen!

Product Lineup

AXC Screen

- Our toughest option—built for extreme conditions. Backed by a 7-year warranty and designed to stay put, even in the worst weather.

Ultra 90

- A go-to favorite. 90% opacity, great UV resistance, and lots of color choices. Versatile and budget-friendly.

Ultra 85

- A solid option for temp fencing. Comes in green, black, and royal blue. Add custom graphics for site branding.

Ultra Plus

- Looking for max privacy? This 95% opaque knitted screen is built for it. Available in green and black.

VCP

- Polyester with vinyl coating—perfect for bold, full-color printing. Tons of color options to match your brand.

Bleacher Wraps

- Hide bleacher frames and clutter while promoting your brand with custom graphics.

Graphics & Fence Murals

- Turn your fence into a billboard with high-res digital or screen-printed designs.

Why Choose USS?

- Reinforced hems and UV-protected thread
- Grommets every 12" with 3 per corner for a secure hold
- Five levels of screen for every budget and privacy need
- Custom graphics for branding or ad space

Fence Cap

Product Lineup

Premium Fence Guard

- Our top-tier option. The teardrop-shaped profile installs easily, requires little to no maintenance, and is made from exterior-grade, UV-resistant polyethylene. Backed by a 5-year warranty.

Standard Fence Guard

- Same great look as the Premium, just with a slightly thinner wall. Still UV-resistant and durable, and comes with a 3-year warranty.

Corrugated Fence Guard

- The most economical option. Built with a rounded-corner profile for added strength and designed with UV and mildew inhibitors for long-lasting performance and fade resistance.

Color Options.

Soccer Goals

Product Lineup

Shootout 4" Square Aluminum Goals

- Durable, powder-coated aluminum goals with rustproof 4" extrusions and our premium QwikTrack net system—no more loose hook-and-loop attachments.

Combo Soccer/Football In-Ground Goals

- Ideal for shared soccer and football fields. One goal, two sports.

Shootout No Tip Portable Goals

- Fully welded 4" uprights with 2" backstays and reinforced gussets at stress points for unbeatable strength.

Euro Portable Futbol Goals

- Sleek, Euro-style design—perfect for soccer purists.

Tourney 3" Portable Aluminum Goals

- A budget-friendly option with many premium features in a 3" extrusion. Get more goals for your money without sacrificing quality.

Other Sports

As an authorized Bison dealer, Unlimited Sports Solutions—backed by our in-house fabrication team—offers everything you need for multi-sport facilities, all in one place. Since 1985, coaches, athletic directors, and facility managers have trusted Bison for safe, durable, and innovative sports equipment.

Featured Sports

- **Outdoor Basketball** – Bison's flagship product, known for unmatched quality and performance.
- **Football** – Goal posts and padding solutions for every level of play.

all sport products.

Pickleball & Tennis

We are your solutions partner to help support America's fastest growing sport.

Pickleball Netting Systems

Competition System

- For indoor or outdoor use
- 3" extruded aluminum posts
- Surface- or socket-mounted
- Meets IFP and USAPA standards

Recreation System

- Indoor/outdoor use
- Backlash-free net cable tensioner

Portable System

- Heavy weighted base with built-in wheels
- Easy setup for indoor and outdoor courts

Court Enhancements.

AXC Windscreen

- Our most durable, low-maintenance windscreen—built to reduce wind impact on gameplay.

Shade Structures

- Custom options to keep players and spectators cool during downtime.

Pickleglass

The most dynamic upgrade in court design—blending safety, style, and performance.

Key Features

Sound Suppression

- Glass panels reduce noise and isolate play

Panoramic Glass

- 360° crystal-clear visibility

Hurricane Strength

- 99MPG wind load rating with 12mm explosion-proof tempered glass

Night Vision

- 8-piece, 200W LED system for even, vibrant lighting

InfinityGlass™ Barrier System.

Designed for next era play. Replace chain link with sleek, 4' glass perimeter panels that deliver unmatched durability, modern aesthetics, and a 10-year warranty.

Form meets function in a category-defining system.

Track & Field

As a distributor of Gill Athletics Track and Field products, we offer a comprehensive portfolio of innovative track and field solutions. Backed by certifications from the NCAA and NFHS, our T&F offerings meet the highest safety, durability, and performance standards.

From elite training to meet-day execution, we've got you covered.

Product Categories.

Jumps

- High jump and long/triple jump systems designed for consistent takeoff and safe landings. Includes pits, standards, crossbars, and covers.

Throws

- Shot put, discus, javelin, and hammer cages, circles, and landing systems—engineered for safety and optimal performance.

Pole Vault

- Vaulting boxes, standards, pits, and weather covers for all levels of competition—from high schools to D1 colleges.

Sprints & Hurdles

- From starting blocks to hurdles, lane markers to finish systems, our equipment supports proper training and race-day readiness.

Why USS + Gill Athletics?

- Trusted by coaches, ADs, and facility managers nationwide
- Turnkey facility support—consultation, product selection, and install guidance
- One-stop shop for all vertical athletic construction needs

Need help outfitting your track or updating outdated equipment?

Bleachers

We can help you outfit any venue with a variety of player and spectator seating.

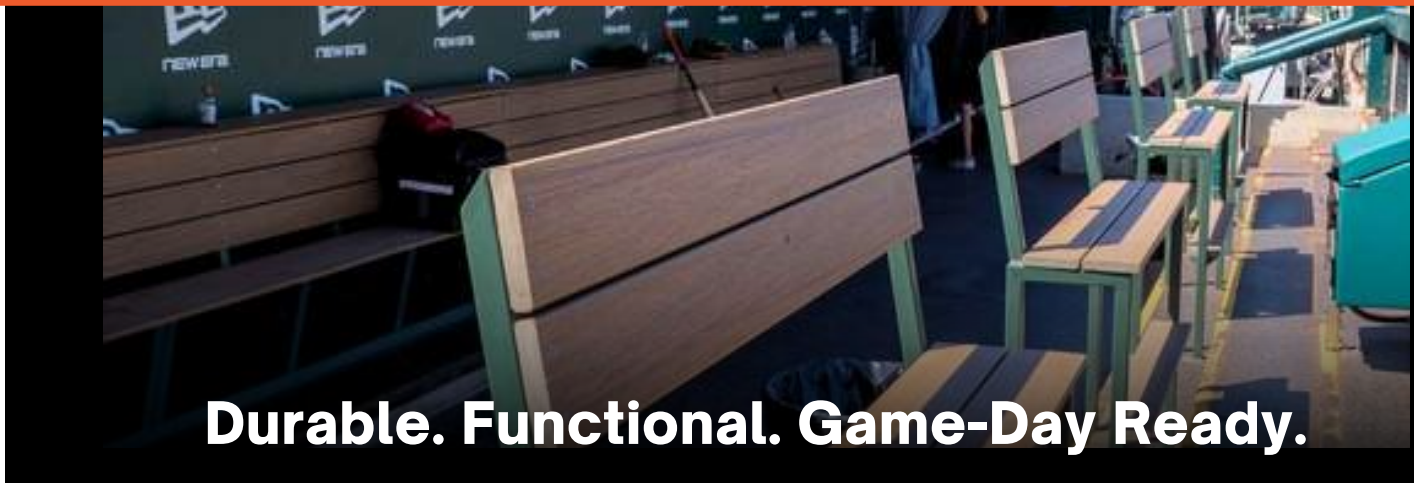

Bleachers Options Include

- Aluminum Bleachers
- Durable, code-compliant seating options for any facility.
- Available in 3, 4, & 5 rows
- Standard lengths: 12', 15', 21', and 27'
- Custom sizes available upon request
- Rise/Run (3 & 4 row): 6"x24"
- Seats: 2"x12" anodized aluminum planks
- Footboards: 2"x12" mill finish planks
- Tip n' Roll option available on all units for easy mobility
- For 5-row bleachers and larger configurations, contact us for additional details and compliance options.

Benches

Durable. Functional. Game-Day Ready.

Product Lineup

Classic - Aluminum

- Simple and solid. Perfect for sidelines, dugouts, and practice fields.

Pro - MLB Style Dugouts (Wood)

Elite - MLB Style Bench (Aluminum)

- A clean, professional look modeled after Major League dugouts. Built for comfort, durability, and long-term use.

Legacy - Elevated Dugout Bullpen Bench

- Raised design improves sightlines and airflow. Great for bullpen areas or fields with elevation needs.

Field Maintenance Tools

Field Armor® Ground Protection Panels By Aeroform Athletics®, offered through Unlimited Sports Solutions

Protect high-traffic areas like batter's boxes, catcher's areas, and pitching zones from rutting, puddling, and cleat damage. Field Armor® is a subsurface, non-porous, waterproof panel designed to reduce maintenance time and costs while improving drainage and field performance.

- **Durable** – Withstands years of wear
- **Low Maintenance** – Reduces labor and upkeep
- **Easy Installation** – Bury under top dressing for protection and stability

Panel Options

- **Standard Panel:** 48x96", 2" height, 41 lbs — Batter's Box
- **Economy Panel:** 48x64", 2" height, 27 lbs — Batter's Box
- **Catcher's Panel:** 48x96", 2" height, 38 lbs — Catcher's Area
- **Softball Panel:** 32x96", 2" height, 28 lbs — Pitching Area (Stride up to 90")

- Designed to insulate and protect winter-stressed grass root systems

Need full or partial field coverage? We offer a wide range of covers and tarps. Don't see what you need? Contact us for custom solutions.

Services

We are here to help you elevate your facility—from planning to “PLAY BALL”—with expert support and solutions for players and fans alike.

Installation Consulting

Every product includes detailed installation instructions—and our experts are just a call or FaceTime away. For larger or complex projects, our Installation Support Service brings a Pro on-site to guide your team and reduce install time. Less labor time > Support fee = Lower total project cost.

CIP Installation Network

The companies in CIP will have direct access to USS's knowledge in pole setting, foundation engineering, and advanced construction methods, as well as the best warranty in the industry backed by the USS team that has decades of hands-on experience in the field.

Graphic Design Advertising Consulting

Give your venue the WOW factor with premium branding and graphics. From windscreens to dugouts, we'll help you maximize both visual impact and ad revenue using key product spaces.

Field Design Consulting

With a wide range of standard and custom products, we'll help you find the right fit to enhance safety and experience for players and fans. Contact us for layout and product guidance.

Branding and Graphics

Brand Your Facility with Impact

From padding, fences, and bleachers to dugouts, building walls, scoreboards, and foul poles, nearly every surface in your sports complex is an opportunity to showcase:

- Your logo
- Complex or team name
- Mascots
- Sponsor advertisements
- Action prints or graphics

With our advanced printing capabilities, Unlimited Sports Solutions helps bring your vision to life through:

- High-quality UV inks
- Additional UV coatings for enhanced fabric longevity
- Digital and screen printing in vibrant, eye-catching color

Testimonials

Brad McMillan

Assistant Principal and Activities Director Waverly High School

“They have excellent communication and even better customer service. The quality of their materials is unmatched with their ability to fabricate many of the products in house. USS takes great pride in their work and we have seen it first hand. We will continue to partner with Unlimited Sports Solutions to help grow and make our facilities some of the best around.”

Brad Detmore

**Director Field Operations, Sugar
Land Space Cowboys (AAA
Affiliate of the Houston Astros)**

“Over the past 2 years we have had numerous facility upgrades, renovations, and additions around the ballpark. The USS team stepped up and have absolutely knocked it out of the park. You name it, they had a SOLUTION. There were many challenges, changes and additions requested as the projects progressed. USS was always ready to provide options and solutions in a timely manner to address the changes needed. They worked with us to overcome the various project challenges and completed the job on time and within budget, and provided a finished product that have exceeded all expectations.”

Carlos Beltran

**19 year MLB Veteran and
World Series Champion**

“On behalf of myself, the staff, and student athletes of the Carlos Beltran Baseball Academy, I would like to thank the team at Unlimited Sports Solutions for your support in assisting us in building a premier baseball facility. This first class stadium further supports our mission of preparing student athletes to lead responsible and productive lives as compassionate human beings while developing as elite baseball prospects.”
